FOAS (which stands for Feitian OTP Authentication System) is a complete framework to authenticate and manage OATH tokens. To have a quick look before buying, download FOAS Server demonstration kit [12].

[10]

Prerequisites :

Windows XP, 2000, Vista or 7
Windows server 2003, Windows server 2008
Debian GNU/Linux
At least 2 GB of RAM

FOAS Server free edition is **limited to 10 users** (or 10 tokens managed), without any kind of limitation in features. FOAS Server free edition comes with a **complete documentation and video tutorials**.

Please follow these steps:

1. We only offer a free FOAS licenses to GOOZE customers, who purchase at least 5 OTP token from us.
   For example: if you already purchased two tokens from us, just add three tokens to you cart.

   We also ship seed codes, which are usable with third party tools.

2. Download FOAS free edition [13] for Windows or GNU/Linux.
   You will be requested to enter your username and password from GOOZE website.
   Only clients with at least 5 tokens may access our downloading website.
3. Request a licence number.
   Fill this form and request a free licence number, which will be sent to you by email within 1 business day maximum.
